

Reports for YCARC Meeting 2/05/2023

Education:

The Technician License Class at Massabesic Center for Adult Learning (MCAL) was to begin on January 29th, has been canceled. There was only one registrant.

VE Testing

With the cancellation of the Technician class and many VE tests scheduled by other clubs, no VE tests are scheduled by YCARC.

w1yca.org Web Site

Same as last month:

Please, any suggestions are welcome!

****** Pictures of club member ham shacks are needed to replace the internet images now in use in the page sliders. ******

Email Reflector

The email reflector members@w1yca.org is open to every club member for communicating club business, buy/sell/swap - anything ham related really. Any email sent to members@w1yca.org is received by all members of the club. I would encourage members to use the service more. The email reflector is not associated with google, groups.io, or any commercial platform. It is a stand-alone, secure, program hosted on the w1yca.org web server. The program can be segregated by topics (subjects) if desired. If you are on the mailing list and now receive emails from ****@w1yca.org, then you are able to use the email reflector. If encountering difficulties, send me a personal email: webmaster@n1xp.com.

Programs

March: Grounding and bounding
April: Echolink Introduction
May: TBD, Open to anyone – Suggestions????
June: Field day discussions.
